

GOVERNMENT OF THE REPUBLIC OF ARMENIA

RESOLUTION

N 1478-U

adopted on 4 December, 2008

***on the Creation of “CANDLE” 3GeV Energy 3-rd Generation
Synchrotron Light Source in Armenia***

To secure the long-term development of advanced applied research in Armenia and for the purpose of formation of the necessary experimental base for knowledge based economy, the Government of the Republic of Armenia adopts a resolution.

1. To declare the international center to be established on the basis of the CANDLE synchrotron light source project to have the status of a strategic national priority in the field of advanced technologies.
2. To assign the RA Minister of the Territorial Administration together with the management of the CANDLE research institute to make a proposal for new center site allocation.
3. To assign the RA Minister of Finance to prepare a proposal on the financial contribution of the RA Government in the project realization in consideration of the financial contributions anticipated by international and foreign organizations.
4. To assign the RA Minister of Economy, the RA Minister of Foreign Affairs, the RA Minister of Education and Science and the Chairman of the State Committee on Science to make proposals on the involvement of the CANDLE project in international science programs achieved in collaboration with European Union, the USA, Russian Federation and other interested countries and organizations.
5. To assign the RA Minister of Education and Science and the Chairman of the State Committee on Science together with the National Academy of Sciences and Yerevan State University to make a proposal on the organizational structure and the status of the future center.
